

Foam Sealing / Gasket Tapes

Features:

- Ideal for creating long term waterproof seals, absorbing vibrations, & providing noise dampening effects.
- Most foams are available in up to 6 thicknesses, & up to 1300mm wide
- Some products, minimum order quantities apply
- Please contact the office for price & availability details

Code:	Thickness Av. (mm):	Width (mm):	Material:	Applications:
3209	3.2, 4.8, 6.4, 9.5, 12.7, 19	6 to 1370	PVC-Black soft density	Easily conforms to irregular surfaces. Used as Vibration dampener around weather shields.
3257	1.6, 3.2, 4.8, 6.4, 9.5, 12.7	6 to 1370	PVC-Grey medium density	Firmer for narrow width applications. Used for sealing Access panels on electrical appl.
3259	1.6, 3.2, 4.8, 6.4, 9.5, 12.7	6 to 1370	PVC-Black medium density	Used for waterproof seal & dampener on canopies, cabins, RV's & light trucks.
3509	1.6	6 to 1370	PVC-Black hard density	Heavy duty foam for many demanding applications.
3829	3, 5, 10	6 to 1000	Polythylene-Grey medium density	Used for water & dust seal on canopies & ute bodies.
6100	2, 3, 4.8, 6, 9, 12, 19	6 to 1000	Neoprene-Black medium density	High performance rubber for weather seals. Used for Marine, Electrical enclosures & switch cabinets
9100	2, 3, 5, 6, 10, 12	6 to 1000	Polythylene-Grey medium density	Multi use general purpose foam. Flame retardant
