

Floormarking symbol Footprint yellow - High performance adhesive

- For a better indication of pedestrian areas and direction of traffic!
- In the industrial environment, it is essential to optimise and organize foot traffic and traffic flows.
- Identification of storage and dispatch areas, Precise visualisation of pallet, machine, stock locations.
- Optimisation of LEAN management, 5S, KAIZEN.
- Marking of internal traffic flows and pedestrian areas.
- Reinforcement of evacuation areas.
- Quick, easy mounting. - Long-lasting bond over the symbol's full surface (full bond after 48h).
- Optimal thickness/resistance ratio (350 μ) for high volume traffic (handling vehicles, warehouse forklifts...).
- PVC resistant to chemical products, abrasives, moisture. - Easy to clean with usual cleaners.
- Extra-strong adhesive, non-solvent, non-toxic and environmentally friendly.
- Made in Denmark
- CE standard certified adhesive.
- No tear-off when removing - Leaves no residue - 350 μ Thickness allows no see-through and offers a perfect contrast.
