

## Lanyards – U-Lock Style

Material: Nylon

Type: Locking Loop to Eye lanyard attached to Quick Release Pin

Nylon Lanyards™ keep pins, fasteners and other components where they belong! This low cost tether is an alternative to steel cable lanyards or stainless steel cable lanyards and offers light-duty retention and loss prevention.

The U-Lock style of Nylon Lanyards™ offers one end with a loop that is supplied open. Attach this to a component or equipment, then “snap” the loop together for a permanent lock. Available with either a molded loop or eyelet on the other end. Stocked in 10" (assembled) lengths.

Available from stock in various styles and lengths, Nylon Lanyards™ are made from Super Tough Nylon. Available in fixed end and U-lock styles with various configurations.

Type: Locking Loop to Loop

Type: Locking Loop to Eye

Part Number	Type	B [in]	A [in]	C [in]
