

T-Clip Mounting System: Instant toolless mounting system for aluminium profiles

Description

Universal mounting system for aluminium profiles
With the T-Clip, a simple touch of the finger is all it takes to mount objects onto your profile without damaging it.
What's more,
it's repositionable!

Technical characteristics

The T-CLIP is a key and insert.
To mount the unit, you'll need:

The item to be mounted (with a 15mm mounting hole); the T-Clip ; a profile; a finger !
The T-Clip is optimised for mounting objects of a thickness of from 1.25 mm to 8.5 mm (thickness of profile inclusive). The T-clip comes in 2 models to adapt to most profiles: 8mm and 10mm. Choose the T-Clip that fits your needs according to the thickness of the central groove of your profile.

One box contains 25 items.

Product benefits

The T-Clip adapts to almost every profile brand in the industry: Apore, Bosch Rexroth, Elcom ITEM, Flexlink, Hepco, Kanya, MayTec, Minitec, Misumi, MK, Modular, Norcan. To make life even easier we have designed a range of exclusive accessories that fit perfectly with T-Clip: magnetic holders, cable holders, document holders, hooks, display panels with metal rings, display systems!

- T-Clip 8 mm

- T-Clip 10 mm
