

## Marking and hazard tape Standard

For maximum safety and efficient organisation in the workplace!

To avoid using paint marking which is too permanent, TARIFOLD PRO offers a full range of coloured, high performance, precise, visible and easily applicable adhesive tapes.

The floormarking is necessary and often even compulsory in order to respond to these constant changes and to safety and communication issues in the workplace.

This marking and hazard tape in high resistance vinyl for foot traffic and regular machines.

Large range of ISO standard colours

Size: 50 mm x 33 m
